TO THE KITCHEN

Our New York sinks are now available in colour! The familiar New York series has been expanded with three different colours, made possible by PVD technology. Go for our New York 40x40 or 50x40 in Gun Metal Silver, Copper Rose or Gold Flax and complete your kitchen.

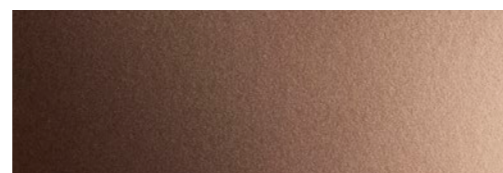

These New York sinks retain their usual quality and comfort, and feature the same sleek design thanks to our deep-drawing technology and high-grade stainless steel. On top of that, they don't have any welding or folding seams, and the overflow and comfort plug have a matching colour. Thanks to the brand-new colours and the aesthetically pleasing design, these sinks offer the best of both worlds!

- Modern design with a 10-mm radius
- Available in two sizes
- Overflow and comfort plug have matching colours

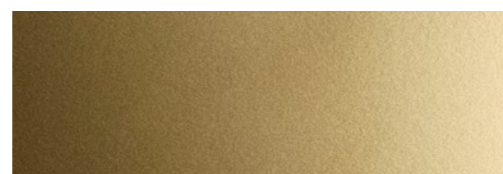

We achieved these colours by using so-called PVD (Physical Vapour Deposition) technology. In this process, the stainless steel is provided with a special coating through vapour condensation. This technology results in a beautiful bit of custom craftsmanship.
